## SAFETY RECALL 07511

SEPTEMBER 2007

Dear International Customer,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

International® has decided that a defect which relates to motor vehicle safety exists in the Bendix® SR-7™ Spring Brake Modulating Valve of certain 5900i, 7000 and 8600 models built 11/1/2005 thru 4/30/2007

### **REASON FOR THIS RECALL**

An internal check valve in the SR-7 Spring Brake Modulating Valve may not properly seat, causing internal air leakage. This internal leakage can cause a delay in the application of the spring brakes to park the vehicle after the operator pulls the dash valve button. A delay in the application of the spring brakes can contribute to a vehicle roll away.

### **RISK TO MOTOR VEHICLE SAFETY**

A vehicle roll away can cause a vehicle crash, possibly resulting in property damage or personal injury.

### **ACTIONS YOU SHOULD TAKE**

PLEASE contact your local International dealer to schedule an appointment to have your vehicle repaired. You may locate your nearest International dealer by calling 1-800-44-TRUCK or by visiting:

<http://www.nav-international.com>

The repair will involve a replacement of an internal check valve cartridge.

Dealers will have parts and instructions to repair your vehicle by 9/14/2007.

This will be performed *free of charge* and may take approximately *30 minutes* to complete.

You may already have been notified of Safety Recall G-06506 for a similar issue. If you have had the remedy for G-06506 performed, you are *still required* to have *this* Safety Recall performed.

### **IF YOU DO NOT OWN THIS VEHICLE**

Our records indicate you are the owner of the vehicle identified on the enclosed card. If you do not own this vehicle, please fill out the **Authorization for Recall Service** card so you will not be contacted again regarding this recall.

### **IF YOU NEED ASSISTANCE**

If you believe that International has failed to perform this repair within a reasonable amount of time, or the existing condition was not remedied without charge, please follow the procedure described in the *Owner Assistance Guide* section in your Owner's Manual or call toll free 1-800-448-7825.

You may also wish to submit a complaint to:

Administrator  
National Highway Traffic Safety Administration,  
1200 New Jersey Ave. S.E.  
Washington, D.C., 20590

or call the toll-free Vehicle Safety Hot-Line at 1-888-327-4236 (TTY:1-800-424-9152) or go to <http://www.safercar.gov>.

### **LESSOR REQUIREMENTS**

Federal regulations require that any vehicle lessor receiving this Recall notice must forward a copy of this notice to the lessee within ten days.

### **REIMBURSEMENT ELIGIBILITY**

If you have previously paid for repairs as a result of this defect, you may be entitled to recovery of those expenses. Contact your dealer for details

*We request your prompt attention to the correction of this defect and apologize for any inconvenience this may cause you.*

Sincerely,

INTERNATIONAL TRUCK AND ENGINE  
CORPORATION
