

# **Authorized Field Change**

**AFC G-06905**

**Date: April, 2006  
Subject File: Bus Body**

**SUBJECT: Warning labels on air intake and air cleaner housing may be missing or not visible on certain CE, RE, and PT bus models built at the Conway, Arkansas Bus Assembly Plant before 11/28/2005.**

**APPLIES TO: Various CE, RE, PT (sold to Bluebird) bus models built before 11/28/2005.**

**DESCRIPTION: One or two labels may be required, depending on the bus model. Letters with labels included have been mailed to bus customers and the AFC will be marked complete after the label mailing.**

## **PARTS:**

<b>Label Part Number</b>	<b>Label Description/Shape</b>
3595933C1	triangular
3566200C3	long

## **REPAIR PROCEDURE:**

***WARNING:***

***TO PREVENT SERIOUS EYE INJURY, ALWAYS WEAR SAFE EYE PROTECTION WHEN YOU PERFORM VEHICLE MAINTENANCE OR SERVICE.***

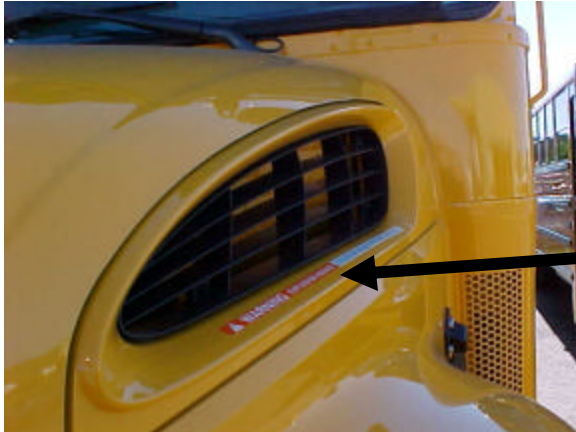

***WARNING:***

***TO AVOID PROPERTY DAMAGE, PERSONAL INJURY, OR DEATH WHEN SERVICING THE VEHICLE, PARK ON A FLAT LEVEL SURFACE, SET THE PARKING BRAKE, SHUT THE ENGINE OFF AND CHOCK THE WHEELS.***

1. Clean area of grease and dirt prior to applying the label.
2. Select correct model and follow photographs to determine location to apply labels.

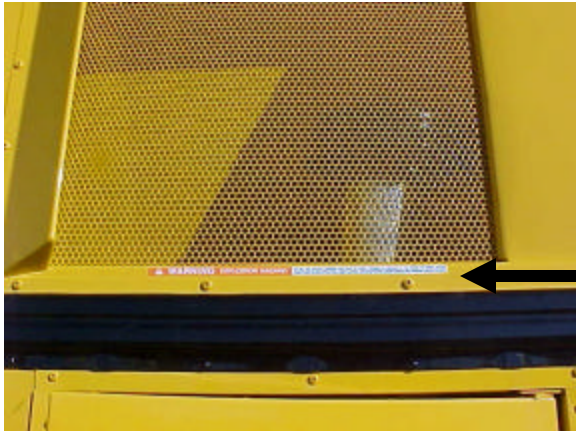

**Placement for: CE - Model PB105 & PT - Model PB015 with Bluebird Body**

*Apply this label if your CE bus has an I6 engine with a grid heater (feature code 12WSZ) installed.*

Decal should be installed at the location indicated by the arrow.

**Placement for: RE – Models PB305, RE300, GD395, GC395**

*Apply these labels if your RE bus has an I6 engine with a grid heater (feature code 12WSZ) installed or a V8 engine.*

Decal should be installed in this area just below the air intake screen. The air intake for the I6 is on the left side (driver's side) and on the right side with V8.

Existing label on RE with I6 may be upside down or facing down. Apply new label (shown below) on end of air cleaner so that it is always visible.
