SAFETY RECALL 03507

March 2003

Dear International Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. International has decided that a defect related to motor vehicle safety exists in the **lower bunk webbing restraint bolts** on Pro-sleeper models built 1/21/2002 through 6/14/2002. This defect exists on vehicles built with International code 16SCH. The vehicle identified on the enclosed card fits this description and our records show that you own this vehicle. Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

REASON FOR THIS RECALL

Four bolts hold the bunk webbing restraint latch brackets to the bunk base. These bolts were supposed to be grade 8 bolts but grade 5 bolts were installed in most cases. While this defect will not necessarily result in an accident, the original design intent of the restraint is not met with the grade 5 bolts.

RISK TO MOTOR VEHICLE SAFETY:

In the event of an accident the restraint may not contain the occupant as required by the Federal Motor Carrier Safety Regulation 393.76 (Sleeper Berths) and may result in **property damage, personal injury, or death.**

ACTION YOU SHOULD TAKE

1. **Our records show that you are the owner** of the vehicle identified on the enclosed card. **If you are not the owner**, please read paragraph number 4.
2. **Please contact your local International dealer**, with your recall card in hand, to schedule an appointment to have your vehicle repaired. **All vehicles involved in this recall must have the service procedure completed.** Dealers will have parts and instructions to make the repair by 3/21/03. This repair will be performed without charge to you and will take approximately 0.3 hour. Have your dealer verify and correct your address if necessary.

If your local International dealer performs the repair, they will submit a warranty claim; therefore, you **DO NOT** have to mail in the campaign card.

3. **If the vehicle will not or cannot be corrected**, please mark on the enclosed card under "CHECK ONE", the box which best describes why the vehicle will not be repaired, and return the postage-prepaid card to us.
4. **In the event you do not own the vehicle** described on the card, please complete the card, fill in the new customer name and address if known, and return it to us. This information will allow us to update our records so we can contact the new owner and you will not be contacted again regarding this recall.

REIMBURSEMENT OF REPAIRS

COMPLETED PRIOR TO THE RELEASE OF THIS RECALL

If you paid to repair your vehicle for this defect prior to receiving this recall letter, you may be eligible for reimbursement of the repair costs if the costs were incurred between 02/27/02 and 03/31/03.
